FROM WASHINGTON.

[Special Despatch to the Chicago Tribune.]

WASHINGTON, April 14.

A new proposition, introduced by Hon. Robert Dale Owen, it now under consideration by the Reconstruction Committee. It is intended as an amendment to the Constitution.

Section one declares that on and after the 4th of July, 1870, there shall be no discrimination on account of color; but that all male citizens of the age of twenty-one years shall be legal voters at all elections, Federal and State.

Section two declares that the basis for the period of ten years from the 4th of July next, Representatives in Congress and electoral votes for President and Vice-President, shall be apportioned according to the number of voters entitled to the right of suffrage in the respective States, and after that period, be population, as at present.

Section three disfranchises and bars from holding any office, civil or military, under the United States, all those who have sworn to support the Constitution of the United States and after the passage of this amendment, officiating to assist the enemies of the country. Congress may, however, remove the disabilities of any person disfranchised by this section.

Section four provides that no obligations or liabilities incurred in aid of the rebellion or compensation for the loss or emancipation of any slave, shall ever be paid by the United States or any State.

Section five provides that the Congress shall have power to enforce, by appropriate legislation, the provisions of this article.

The Committee on Reconstruction have had under consideration a proposition to tax incomes derived from the profits of business, and have instructed Mr. Morrill, Chairman of the Committee on Ways and Means, to report a bill for that purpose.

Gen. Carrington, Chief Quartermaster of the Department of Washington, has been ordered to proceed to Fort Leavenworth, Kansas, for the purpose of inspecting the property belonging to the National Cemetery at Arlington, about sixteen hundred bodies of which have been removed to that place.

Special Agent Smith has by proclamation declared the Chicago Times, Mr. Storey, and the Post, Mr. Knox, guilty of libel, and prayed for their fines.

George T. Brown, Sergeant-at-Arms of the United States Senate, has resigned that position in order to accept the office of Assistant Doorkeeper of the House, vice Col. Forney, resigned.

Acting Governor Smith has by proclamation declared the Chicago Times, Mr. Storey, and the St. Louis Republican, Mr. Knox, guilty of libel, and prayed for their fines.

George T. Brown, Sergeant-at-Arms of the United States Senate, has resigned that position in order to accept the office of Assistant Doorkeeper of the House, vice Col. Forney, resigned.

Gen. Carrington, Chief Quartermaster of the Department of Washington, has been ordered to proceed to Fort Leavenworth, Kansas, for the purpose of inspecting the property belonging to the National Cemetery at Arlington, about sixteen hundred bodies of which have been removed to that place.

Chief Justice Chase has gone to Richmond, Virginia, on a visit to his daughter, Mrs. Sharkey.

Gen. Sheridan, one of the ablest desperadoes that ever lived, was discovered in bed on Thursday morning last, with his throat cut from ear to ear. Gen. Sheridan, it is supposed, committed the rash act while laboring under a fit of temporary insanity. Gen. Sheridan is married, and has a wife and children residing in this city.

At Detroit, on Thursday, the United States Circuit Court, Judge Wilkins presiding, sentenced a number of persons charged with counterfeiting to long terms of imprisonment in the penitentiary.

The Philadelphia Sunday Dispatch, in commenting on the Fenian movement, says that Gen. Meade is the first Officer in command of the Department of the Union who has ever had the courage to call a halt upon the Fenian movement, and that he deserves the thanks of the country for his action in the premises.

The Tribune's Washington special of Saturday, N. C., says:

Mr. Lovell, on Thursday, a very large number of sick, crazy and cripples was landed at the levee, from the shipyard of new steamer Rushed, intended for the Savannah City. A large portion of the troops on board are discharged soldiers, who have been engaging for this trip for some time. The steamer Rushed is one of the fleet of fifty-one steamers built by the New York Government during the late war. She is a splendid boat, and the last word of the shipbuilder's art was lavished upon her. She is to be used as a transport for the President's private party.

The Collector of New York has received a despatch from Halifax, dated on Saturday, which reports the arrival at that port of the steamer Rushed, having on board the steamer the prisoners in the Fenian movement, including many of the prominent organizers. It remains to a regular paper.

The Indianapolis Journal of the 9th has some excellent observations concerning the Fenian movement. It says: "Whatever may be the ultimate success of the Fenian movement, it is certain that the first step in the direction of freedom for Ireland will be taken in this country. It is useless to hope for success in any other manner. Every man who has ever had anything to do with the Fenian movement knows that it is impossible to get arms and ammunition into Ireland. The Government there is too strong, and has too many spies in the country

THE REPUBLICAN RECEPTION.

On Tuesday next the people of Chicago will be called upon to express their preference for the candidates for Mayor, City Clerk, City Treasurer, and for Aldermen in the several wards of the city. In order that every person may have a chance to vote for any person he may choose, and that the election may be conducted with fairness and impartiality, it is necessary that the polls should be opened at an early hour in the morning, and kept open until a late hour in the evening. The Republican party have not been much at fault in the matter of time, but have generally opened the polls at an early hour, and kept them open until a late hour. But the Democratic party have been very much at fault in this matter, and have generally opened the polls at a late hour in the morning, and closed them at an early hour in the evening. The consequence has been that many persons who desired to vote have been unable to do so, and the election has been conducted in a manner which has not been satisfactory to the people. It should be the duty of the Democratic Judges, at the election on Tuesday next, to open the polls at an early hour in the morning, and keep them open until a late hour in the evening, so that every person may have an opportunity to vote, and to see that his vote is counted. It is the duty of the Republican voters to endeavor to have the polls opened at an early hour, and to remain at the polls during the day to defeat the fraudulent designs of the Democratic Judges, who will endeavor to close the polls at an early hour. The Republican voters are also applying for situations as Judges and Clerks of Election, in order that they may be present at the polls during the day, and see that the election is conducted in a fair and honorable manner. Let all be prepared early on Tuesday next to go to the polls.

It should not be forgotten that every adherent of working qualifications for those not previously registered, must, to the polls, will require a Tax Receipt. Every voter is a privilege of voting at the polls; the absence of one may lose a vote for the Republican candidates. Let nothing be neglected on the part of the friends of equal rights and honest government.

The following are the Republican candidates in full:

Mr. Gurnee is also the author of the Chicago Relief Bill, which passed the Legislature at the last session. Mr. Gurnee is a gentleman of the highest character, and is worthy the support of the Third Ward. Every man who has the welfare of the city at heart will vote for him. We are very much surprised at a man of Mr. Gurnee's character and standing in the community, and we trust that the Third Ward will show a strong Republican majority for him.

AMUSEMENTS.

THE OCCIDENTAL MATINEE.—The matinee on Saturday afternoon at the Opera House, in spite of the fine programme, was not as well attended as it should be. A matinee must be the regular summer resort when the educated denizens amount one of the best customers of the concert. The performers, in the first place, must be of the first class, and the programme must be varied and not too long. The Fox Duo-Comique, announced promptly to the time, were not equal to the occasion. Their songs were poor, and their acting worse. Their dresses were not what they had made up for boudoirs. The Ethiopian performers were also applying for situations as negroes.
